Arkansas Ballot Issues

Fact Sheets on 2014 Ballot Issues Now Available Lawsuit filed over Minimum Wage petitions

New ethics rules for state elected officials, statewide alcohol sales and a raised minimum wage are among the five issues voters will be asked to decide upon when they go to the polls on Nov. 4.

To help voters understand the complexity of the issues and the arguments on both sides, the Public Policy Center of the University of Arkansas System Division of Agriculture has developed easy to understand fact sheets on each ballot item.

The fact sheets, available for download or through the local county extension office, are edited by a coalition of experts to ensure they are neutral presentations of the ballot issues. Drafts of the fact sheet are made available to proponents and opponents for comment and review before they are printed, as part of a vetting process to ensure the information is an unbiased representation of the issue and the arguments by proponents and opponents.

"The issues at stake have far-reaching consequences for state leaders, communities and the economy," said Stacey McCullough, director of the Public Policy Center. "And with voters bombarded with advertisements and opinion through media and other channels, we wanted to create a tool where voters could cut through the noise and understand the issues and the arguments."

Now available for download are these issues with their popular names download at <http://uaex.edu/business-communities/voter-education/state-ballot-issues.aspx>:

- Issue No. 1 - An amendment empowering the General Assembly to provide for legislative committee review and approval of state agencies' administrative rules and Distribution.

- Issue No. 2 - An amendment allowing more time to gather signatures on a state-wide initiative or referendum petition only if the petition as originally filed contained at least 75 percent of the valid signatures required.
- Issue No. 3 - An amendment regulating contributions to candidates for state or local office, barring gifts from lobbyists to certain state officials, providing for setting salaries of certain state officials, and setting term limits for members of the general assembly.
- Issue No. 4 - The Arkansas Alcoholic Beverage Amendment.
- Issue No. 5 - An Act to Increase the Arkansas Minimum Wage

Hard copies of the fact sheets will be available at county extension offices in the next two weeks.

As of Oct. 1, Issues No. 3, 4 and 5 are facing court challenges. Jackson Stephens, Jr. filed a [lawsuit](#) Sept. 23, challenging the act to increase the state's minimum wage. Similar to the lawsuit over the Alcoholic Beverage Amendment, Stephens' lawsuit challenges the July 7 submission of signatures as well as the legality of some of the signatures on the petition itself.

Arkansas' Constitution requires ballot issue petitions be filed with the Secretary of State's Office no later than four months before the election. This year, the deadline would have fallen on July 4. The Secretary of State advertised the deadline as July 7, the first business day after the holiday.

Court briefs in the minimum wage lawsuit aren't due until Oct. 16, so it will be mid-October before voters know if the issue will be struck from the ballot. According to the [Associated Press](#), oral arguments are scheduled for Oct. 9 regarding the lawsuit over the alcohol sales measure.

The [Public Policy Center](#) will continue to follow these issues and keep you updated on the 2014 ballot measures.

Looking Forward - 2016 Ballot

Attorney General Opinions

Approved for circulation

Aug. 5, 2014 - [The Arkansas Hemp and Cannabis Amendment](#) - A ballot measure to legalize the cultivation, manufacture, distribution, sale, possession and use of the cannabis plant in Arkansas was certified for signature gathering. [Opinion No. 2014-079](#) said the proposed constitutional amendment was identical to a previously approved measure. Frederick W. Porter of Hot Springs submitted the measure.

Aug. 14, 2014 - [The Arkansas Medical Cannabis Act](#) - A ballot measure to legalize the use of medical marijuana, and a system for growing and selling medical marijuana was certified for signature gathering. The ballot measure was similar to a recent proposal that did not receive enough signatures for the 2014 ballot. In [Opinion No. 2014-086](#), the Attorney General cautioned the group that "according to my experience there is a direct correlation between the length and complexity of initiated acts and their susceptibility to a successful ballot title challenge." Melissa Fults, campaign director of Arkansans for Compassionate Care 2016, submitted the measure.

The Public Policy Center was established in 2004 to provide Arkansans with timely, credible, unaligned and research-based information and education about public issues. Public issues are defined as pressing and emerging issues that involve multiple points of view and have widespread consequences. Our goals are to:

- increase citizen knowledge, awareness and understanding of public issues;
- enhance public participation in decisions regarding public issues and
- help citizens craft, evaluate and implement alternative solutions to public issues.
