University of Arkansas System

ARKANSAS FOREST
RESOURCES CENTER

The Arkansas Timber Price Report is a quarterly report of timber stumpage prices in Arkansas. Survey data for this report are provided by [Timber Mart-South](#). The price summary is provided to illustrate current, statewide market trends in timber product values for standing timber. These values may not reflect the stumpage values for a particular tract of timber. Timber prices may vary greatly depending on many factors including: location in the state, species, products, access, distance to mills, and site conditions. To obtain a report visit www.uaex.edu and go to the Environment and Nature tab, or www.afrc.uamont.edu. You can also contact your local county Extension agent. If you have questions about the report, please contact: Dr. Kyle Cunningham at 501-671-2145 or kcunningham@uaex.edu.

1st Quarter 2018 Stumpage Prices (\$/ton, statewide average)

Product	Price	Change
Pine Sawtimber	\$ 23.00	0 %
Oak Sawtimber	\$ 53.00	0 %
Mixed Hardwood Sawtimber	\$ 38.00	-3 %
Pine Chip-n-Saw	\$ 15.00	0 %
Pine Pulpwood	\$ 6.00	0 %
Hardwood Pulpwood	\$ 13.00	18 %

Time Series by Quarter Since 2016

Trends: Stumpage prices remained steady for most products in the 1st quarter of 2018. Strong markets remain in both red and white oak sawlogs, with AR running over 8 dollars per ton above the SE average. Hardwood pulpwood demand and prices continued to rebound, likely a combination of weather and demand. Pine pulpwood demand remained low, continuing to cause problems for non-certified, small-scale stands in need of thinning. Infrastructure investment continues across the South potentially expanding capacity by 19 percent, a good sign for future timber markets.

Timber Mart-South has more detailed data available by subscription that contains products and regions not included in this report. TMS is compiled and produced at the Center for Forest Business, Warnell School of Forest Resources, University of Georgia, under contract with the Frank W. Norris Foundation, a non-profit corporation serving the forest products industry.
