'Jewel' Rice Cultivar Snapshot 2020

Jewel is a conventional, standard-stature, long-grain rice variety released in 2020. It has a Cheniere cooktype. It is resistant to most known blast races and has an overall improved disease package compared to other available conventional varieties. This variety may be planted from late March through early June. The target final plant stand for this variety is 12-18 plants/ft² for maximum yield potential.

Seed Weight: 20,322 seed/lb **Optimum Seeding Rate:**
