

2023 Soybean Research Verification Program Weekly Update

June 2, 2023

By Chad Norton and Chris Elkins.

General

It was a dry week for verification fields as they missed scattered showers across the state. Several fields are scheduled to start initial irrigation. Herbicide applications continue to go out and rain will be needed to activate pre-emerges. Insect and disease pressure remains low. Refer to table below for field specific information.

County	Variety	Stage	General Information
Arkansas	Pioneer P45A40LX	R2	Some teaweed and coffeebean emerged. Recommended glyphosate + Dual. Initial irrigation should be soon.
Chicot	Asgrow AG46X6	R2	Remains clean. Starting rapid growth. Initial irrigation should be soon.
Cross	Virtue 4520S	V2	No rain, good growth. Small coffeebean. Overall remains clean.
Drew	Asgrow AG46X0	V5	Recommended plowing middles and then glyphosate + 1.25 pt. Dual Magnum II, then irrigate. Starting to see a few blooms.
Greene	Innvictis B4841E	V2	No rain, Almost V3, applied 1 qt. glyphosate + 2pts. Enlist One + 3 pts. Warrant 5/27.
Jackson	Pionner P48A14E	VC	No rain, Excellent stand, 129K plants/acre, good moisture, remains clean.
Jefferson	Pioneer P46A36X	R2	Few broadleaves emerged, recommended Engenia + Dual. Initial irrigation should be soon.
Lawrence	Stine 46EE20	R1	No rain, Good growth, Applied 1 qt. glyphosate + 2 pts. Enlist One + 1 pt. s-metolachlor 5/31. Initial irrigation should be soon.
Lonoke	Asgrow AG46F3	V4	Emerged morningglories and teaweed. Recommended Liberty + Prefix.
Mississippi	Becks 4991X2	R1	No rain. Good growth, still has good moisture. Applied 12.8 oz Engenia + 1.25 pts s-metolachlor 5/31, Recommended 1 qt. glyphosate for grass.
Poinsett			Will be planted behind Wheat
Randolph	Pioneer P52A14SE	V2	No rain. Good soil moisture, initial Pivot irrigation scheduled for June 9.
St. Francis	Pioneer 46A20LX	R1	No rain, Starting to see rapid growth, remains clean, insect pressure remains low.
White	Armor 46-E50	V1	No Rain, good stand, 122K plants/acre. Heavy deer pressure, soybeans appear to be recovering but will need to watch closely
Yell	Pioneer P48A14E	V1	Applied 1 qt. glyphosate + 2pts. Enlist One + 1.25 pts S-metolachlor. Will evaluate control next week.
