Update No. 16

General

Several fields received rain with Mississippi County receiving the most rain with 3.45” and two fields received no rain. Insect pressure is picking up in later planted fields but has not reached threshold. Starting to see light disease pressure in a few fields. Four fields are now done and waiting on harvest. Refer to table below for field specific information.

County	Variety	Stage	General Information
Arkansas	Pioneer P45A40LX	R7	Done. Waiting on harvest.
Chicot	Asgrow AG46X6	R6	No rain. Done. Waiting on harvest.
Cross	Virtue 4520S	R5	Received .1” rain, 1/50 corn earworms, next irrigation scheduled for 8/14.
Drew	Asgrow AG46X0	R6	Received 1.14”, remains clean, will evaluate for possible final irrigation.
