**Update No. 14**

<b>General</b>	By Chris Elkins. All fields are now in the reproductive stages. White and Woodruff County are waiting on harvest. Woodruff County received the most rain with .43” and six counties received no rain. Insect and disease pressure remained steady. Refer to table below for field specific information.		
<b>County</b>	<b>Variety</b>	<b>Stage</b>	<b>General Information</b>
Arkansas 1	NK 42T5XF	R6	No rain, 5.5/25 stinkbugs, third irrigation 8/5, final irrigation scheduled for 8/13 if needed.
Arkansas 2	Pioneer P49Z02E	R5	No rain, Mid R5, 4/25 looper and moderate Frogeye pressure, should outrun. Third irrigation scheduled for 8/8.
Clay	Pioneer P48Z70BLX	R5	No rain, 1/25 corn earworm, disease pressure remains low, third irrigation 7/30, fourth irrigation scheduled for 8/8.
Craighead	Asgrow AG47FX2	R3	No rain. Good canopy, Late R3, several pods setting, 3/25 corn earworm, second irrigation scheduled for 8/9.
Jefferson	NK 43-W1XFS	R5	No rain, Almost R6, 4/25 looper, 1/25 stinkbugs, low foliar disease, Fourth irrigation 8/2.
Mississippi	Becks 4999XF	R5	Received .36” rain. Insect and disease pressure remain low, Fourth irrigation 7/31. Fifth irrigation scheduled for 8/8.
Poinsett	Pioneer P48Z70BLX	R4	No rain, Plants standing up some from recent wind, Insect pressure low, Frogeye starting to show up. Fifth Irrigation 8/11.
Prairie	Pioneer P48A14E	R1	Received .1”. 2/25 Corn earworms, Initial Irrigation 8/6. Should see rapid growth.
White	Pioneer P46A90LX	R6	Received .41” rain. Done, waiting on harvest.
Woodruff	Asgrow AG46XF3	R6	Received .43” rain. Done, waiting on harvest.
