Verification Program November
Update**

April 24, 2020

Update No. 9

General	By Chad Norton and Chris Elkins. Wheat fields continue to progress quickly. Foliar disease pressure has been light throughout the season. Insect pressure remains very low, but we will continue to monitor closely.		
County	Variety	Feekes Stage	General Information
Ashley	AGRIMAXX 473	10.5	Flowering complete. Progressing quickly. Insect pressure remains low.
Lawrence	Dixie Brown	10.5	Should start flowering soon. Disease pressure remains low in the canopy. Several water damaged areas that are delayed in growth stage.
