ROW CROP VERIFICATION

**2018-19 Wheat Research
Verification Program Update**

May 10, 2019

Update No. 11

General	By Chad Norton and Chris Elkins. Wheat fields are getting close to finishing up. Warm, sunny weather is a welcomed forecast to help finish out the wheat crop. Armyworms have been seen in several fields and is one of the final hurdles to overcome as we get ready for harvest.		
County	Variety	Feekes Stage	General Information
Ashley	Pioneer 26R41	11.2	Very few armyworms low on plant. Moving along.
Greene	Pioneer 26R41	11.1	Armyworms have quickly progressed, but remain spotty. Will re-evaluate in a couple days.
