

Arkansas  
**ROW CROP VERIFICATION**

**2020-21 Wheat Research  
Verification Program Fall  
Update**

**May 21, 2021**

**Update No. 12**

<b>General</b>	By Chad Norton and Chris Elkins. This will be the final report until harvest is complete. Most fields are hard dough and drying for harvest. Clay and Lawrence are almost hard dough and will finish up quickly. Scab has been spotty in fields but not expected to have major impact on yield. Insect pressure remains low.		
<b>County</b>	<b>Variety</b>	<b>Feekes Stage</b>	<b>General Information</b>
Arkansas	Pioneer P26R41	11.3	Very noticeable color change. Done. Waiting on harvest.
Ashley	AGS 2055	11.3	Very noticeable color change. Done. Waiting on harvest.
