

## Arkansas Rice Research Verification Program Weekly Update

### April 21, 2023 – Update No. 1

Division of Agriculture, University of Arkansas System, Cooperative Extension Service

By: Ralph Mazzanti, Verification Coordinator – Rice

#### General Information

Dry weather has permitted pre-plant fertilizer applications along with verification fields being planted. Eight of nine fields have been drill-seeded with herbicides applied. The last field, Drew County was in a race to get planted before the rain. Field emergence and stand counts were observed this week in Jefferson County.

Refer to the table below for field-specific information:
