

## Important Crop Insurance Dates for Wheat

The following is a partial listing of Arkansas crop insurance dates for 2022/23 wheat production.

Description	Deadline
Sales Closing Date	9/30/2022
Final Planting Date	11/30/2022
End of Late Planting Period	12/05/2022
Acreage Reporting Date	12/15/2022
Premium Billing Date	07/01/2023
End of Insurance Date	07/31/2023

**Sales Closing Date** – date by which an application must be filed. The last date you may change your crop insurance coverage for a crop year.

**Final Planting Date** - date by which the insured crop must initially be planted in order to be insured for the full production guarantee or amount of insurance per acre.

**Acreage Reporting Date** - date by which insureds are required to submit acreage reports.

**Billing Date** - Earliest date by which premium billing will be distributed for current crop year premiums.

**End of Insurance Date** - The date upon which the crop insurance coverage ceases for the crop year. Last day to report any loss.

## USDA Risk Management Agency (RMA) Online Resources

USDA's RMA website has several crop insurance resources and decision aids. Information on available coverage in select counties can be found on the [RMA Actuarial Information Browser](#). Also, producers can use the [RMA Cost Estimator](#) for various insurance products and coverage levels.

Specific crop insurance questions should be directed to insurance agents. Crop insurance is sold and delivered solely through private crop insurance agents. A list of crop insurance agents is available online using the [RMA Agent Locator](#).

The University of Arkansas System Division of Agriculture offers all its Extension and Research programs and services without regard to race, color, sex, gender identity, sexual orientation, national origin, religion, age, disability, marital or veteran status, genetic information, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer.
