

ANIMAL SENSORY BOTTLE

MATERIALS

- A clear plastic bottle
- Baby oil
- Water
- Animal pieces
- Glitter
- Tape / glue
- Funnel

STEP 1

Add animal pieces to your bottle.

STEP 2

Use a funnel and fill the bottle 1/2 full with water.

STEP 3

Add 1-2 tsp of glitter. Add more later if you want it to be less see-through.

STEP 4

Fill the bottle the rest of the way with baby oil.

STEP 5

Secure the lid on by putting a thin ring of glue around the inside of the lid, or tape the outside.
