

Mother's Day Firefly Craft

What you will need:

- Mason jar printout (found on the next page)
- Yellow paint
- Blue & yellow cardstock
- Sharpie
- Optional: Ribbon for a bow

Step-by-Step

1. Print and cut out the mason jar template
2. Stamp the child's finger into the yellow paint and transfer the finger-stamp "inside" the mason jar (this will be the firefly base).
3. Cut out a yellow oval to fit at the bottom on the mason jar template and write "Mom, you light up my life!" on it. Glue to the bottom of the mason jar.
4. Once the paint is dry, draw firefly bugs on top of the yellow paint!

Now you have the happiest "jar" of bugs to give mom!
