

WE ARE NUTS ABOUT FALL!

Here is a cute craft you can do with your kids to celebrate fall by making handprint acorns.

Supplies needed: Card stock or construction paper, brown paint, paintbrush and a marker.

Directions: Use the paintbrush to apply paint to the child's hand. Then have the child create their handprint upside down on the paper. Use the paintbrush to paint the top of the acorn. You can then add the child's name and a message to the paper. We said "We are NUTS about Fall!"
