- Johnson County—Hagarville EHC—Riding the Toys for Tots Train—The major project of Hagarville EHC this year was helping with the Johnson County Toys for Tots campaign. Instead of having an Angel Tree, the Toys for Tots program created a Train Tree. Over 2,000 children received toys. We supplied baked goos for a bake sale, placed a donation box at our club's annual fundraiser to collect toys and donations, and instead of doing our traditional Christmas ornament exchange within our club, we each bout a toy to be donated. We helped with manning donation points, separating toys and labeling them on distribution dates. We

volunteered, explained, and guided parents through the shopping areas to select different items for the Train Tree gifts.

- Johnson County—ReRuns EHC—Needy Paws—The ReRuns EHC chose Needy Paws, the local animal shelter, as their project for the year. Members donated money and items the shelter needed to feed and care for the animals in their facility. They depend entirely on donation as they are not tax supported and it is a “no-kill” shelter.
- Logan County—Booneville EHC—Feed our Firefighters—The Booneville EHC wanted to help fortify and energize our local volunteer city fire department. We voted to serve a hot meal each quarter to the men during their monthly training meetings. Many of them get off work, attend the fire meeting/training to get home at 10 pm or later without ever having supper. It wasn’t hard to see a need to be met, no one had done anything like this for them, and we were just the women to do it! Each quarter our club provided and delivered a meal the fire department at their station. The individuals participating on that particular night provided a dish at their expense. The chairperson went back after the meal was done and cleaned everything up. We formed a bond with our city fire department that we didn’t have before and since they had no clue as to what our club was, they all in return learned a little on what EHC is all about.
- Madison County—Aurora Ladybug EHC—History of Club—The first Aurora Home Demonstration Club started in 1952 and went until 1985. Projects included putting up name markers along the roads, making gowns and feather pillows for rest homes, donating sheets and pillowcases for the hospital, and the establishment of Aurora Roadside Park, which still exists today. It was re-established on March 13, 1997 and became known as the Aurora Ladybugs EHC. We maintained the Aurora Roadside Park, had bake sales, community ham and bean dinners, and yard sales. In 1999, we started a fund to raise money for a new roof for the Aurora Community Building.

At the May monthly meeting, members delivered the bags to the local DHS in Huntsville.
- Newton County—Deer Lady Bugs EHC—The Deer Lady Bugs EHC wanted to provide something to comfort the children who were having procedures at area health agencies. They collected small stuffed animals, cleaned and repaired them, attached a ribbon with a small card with a poem that seemed to fit the project, creating the Worry Buddies. These were given to the Boston Mountain Health Center and the Newton County Health Department to be handed out to the children. Word was received from the Newton County Nursing Home that their residents would love to have Worry Buddies to present to family members such as grandchildren or just to keep themselves. The club decided to provide 12 Worry Buddies each month for bingo prizes at the nursing home.
- Sebastian County—Sebastian County Council—Pillows for Breast Cancer—The Don W. Reynolds Cancer Support House requested heart pillows for their breast cancer patients. These pillows alleviate some of the pain and discomfort. They are small enough to fit under the arm and padded enough to put between the incision and drains. They also help with the seatbelt in the car. The Sebastian County Council cut, sewed, and stuffed over 700 heart shaped pillows for breast cancer patients at the Reynolds Cancer Support House.
- Sharp County—Hardy Country Ladies EHC—Christmas Card for Local Area Nursing Home Residents—The Hardy Country Ladies EHC decided to brighten up nursing home residents' Christmas holiday with Christmas cards. The goal was to make enough cards to give one to

each resident at the Ash Flat Nursing and Rehab and Eagle Crest Nursing and Rehab centers. The members used card stock embellished with holiday cut outs from recycled Christmas cards, ribbons, stars, etc. Pasted onto the card stock. They were all unique as members used their imaginations to create different patterns, color combinations, and holiday messages.
