Overcoming Barriers

If you're not active, it's likely that you have at least one reason why. Perhaps you've never been very active. Maybe you're afraid you'll get low blood glucose. Think about what's keeping you from being active and then look into ways to overcome the barriers.

Barriers	Solutions
Durriero	Oudululo

I don't have time to exercise for 30 minutes a day.

Do as much as you can. Every step counts. If you're just starting out, start with 10 minutes a day and add more little by little. Work up to 10 minutes at a time, three times a day.

I'm too tired after work. Plan to do something active before work or

during the day.

I don't have the right clothes. Wear anything that's comfortable as long as

you have shoes that fit well and socks that

don't irritate your skin.

I'm too shy to exercise in a group. Choose an activity you can do on your own,

such as following along with an aerobics

class on TV or going for a walk.

Solutions Barriers I don't want to have sore Exercise shouldn't hurt if you go slowly at first. Choose something you can do without muscles. getting sore. Learn how to warm up and stretch before you do something active and how to cool down afterward. If you're taking a medication that could cause I'm afraid I'll get low blood low blood glucose, talk to your health care glucose. provider about ways to exercise safely. Try chair exercises or swimming. Walking hurts my knees. It's too hot outside. If it's too hot, too cold, or too humid, walk inside a school or a shopping center. Find an indoor activity, such as an exercise It's not safe to walk in my neighborhood. class at a community center. I'm afraid I'll make my condition Get a checkup before planning your fitness routine. Learn what's safe for you to do. worse. I can't afford to join a fitness Do something that doesn't require fancy center or buy equipment. equipment, such as walking or using cans of food for weights.
