Janet B. Carson County Scholarship

County 76 Master Gardeners support UA master gardener programs through the Janet B. Carson County Scholarship. Scholarships are funded through County 76 silent auction proceeds as well as private donations and may be awarded in amounts of up to \$750.00. Proposals must include an educational component that affects the county's service area. An active master gardener with the approval of his/her local master gardener program may apply with only one application accepted per county program per year. Preference will be given to innovative projects that affect the start-up of a new project or a new component added to an existing project.

Applications must be emailed to mg@uada.edu by January 15, 2022. Notification of approval will be sent by February 15, 2022. Scholarship funds awarded will be provided directly to the winning county's CES account. Receipts related to this project must be submitted to the county CES account for payment. All funds for the approved scholarship must be used by December 15, 2022.

APPLICATION

County Master Gardener Program: _____

Project Name: _____

Amount Requested: _____

Description of the Project (include project goals and/or purpose of the project): _____

Educational Component of the Project: _____

Detailed summary of how scholarship funds will be used (attach detailed budget): _____

Will this project continue after completion during the following year? _____ If yes, how will the project be funded? _____

Contact person: _____ Phone: _____

Email address: _____

Signature of County MG President: _____

Signature of County Agent: _____

For approved projects, a final report is due to mg@uada.edu by **December 15th** of the year that the scholarship money was awarded. The report must include project goals achieved or not achieved, future plans related to the project, benefit of the project to the County Program service area, number of master gardener and community volunteers involved in the project and a detailed expense record. It is recommended that pictures with appropriate releases be included with the report.

The Master Gardener Program is a part of the University of Arkansas System Division of Agriculture Cooperative Extension Service which offers its programs to all eligible persons regardless of race, color, sex, gender identity, sexual orientation, national origin, religion, age, disability, marital or veteran status, genetic information, or any other legally protected status, and is an Affirmative Action/Equal Opportunity Employer.
