Recruitment, Retention and Recognition Project – Recruitment, Retention, and Recognition of our members is key to the success of the Arkansas Master Gardener program. The "Annuals to Perennials" program (established in 2016) is designed to further integrate new members into the Master Gardener family and to acknowledge their mentors. To recognize outstanding Master Gardeners, the project oversees the state MG awards that are presented at the state MG conference. Creative and useful information is generated for the local MG programs to use as they recruit, retain, and recognize their members.
